R&D dating for animal health and innovation

The 10th edition of the "R&D dating for Animal Health and Innovation" business convention is hosted by BioFIT 2024.

Project - CEO matchmaking

Are you a bioentrepreneur seeking new projects or are you looking for a passionate CEO to lead your project?

The Project - CEO matchmaking is the opportunity to establish future collaborations between bioentrepreneurs and projects in need of a CEO.

BIOFIT AT A GLANCE

60+ high-level speakers

Steered by an international committee, the BioFIT 2024 conference programme is designed to address the fast-changing interests of life sciences players. Based on four carefully crafted verticals, the conference sessions bring together international experts to discuss current issues in early-stage innovation, focusing on:

TRACK 1

Best practices in R&D collaborations

TRACK 2

Nurturing and licensing early-stage assets

TRACK 3

From pre-seed to Series A: Accessing early-stage investment

TRACK 4

PITCH SESSIONS

Start-up Slams

The Start-up Slams are a great opportunity for **young companies** (and particularly for start-ups seeking to raise a seed or a Series A financing round) to showcase their project in front of potential partners and investors.

Collaborative and Licensing Opportunity Presentations

The Collaborative and Licensing Opportunity Presentations enable **TTOs, universities, research institutes and companies** to showcase their early-stage technologies in front of potential partners, in order to entail a collaborative project and/or a licensing deal.

Animal Health Presentations

Co-organised by:  **SIMV**
SYNDICAT DE L'INDUSTRIE DU
MÉDICAMENT ET DIAGNOSTIC VÉTÉRINAIRES

within  **SIMV
R&D DATING FOR
ANIMAL HEALTH
AND INNOVATION**

The Animal Health Presentations allow **young companies, TTOs, universities, research institutes and companies** to showcase their innovative project in front of potential partners and investors in the Animal Health sector.

The winners will be awarded as the most promising early-stage innovations in **Life Sciences and Animal Health**.

Selected candidates will receive valuable coaching and feedback from BioFIT Steering Committee members in a **warm-up session**, to improve their pitch for D-day.
