General Information

The application is supported by all modern browsers. We highly recommend that you use a current version of [Google Chrome](#), which supports Windows, Mac, and Linux platforms.

Prior to starting an application, please complete the following steps:

Step 1: Learn requirements for submitting an application

Deadline dates and application requirements for a Fulbright grant vary from country to country. This Guide de candidature is for French citizens only. Please read the specific [program page](#), the [FAQ](#), and these instructions for the Programme Chercheur in France before starting an application.

Select the Fulbright program to which you are applying : <https://fulbright-france.org/fr/bourses-fulbright-partenaires/programmes/chercheurs> then open the “**Quelles sont les conditions à remplir?**” section.

Partner Foundation Grants: With just one dossier, French candidates can apply simultaneously to a Fulbright grant as well as any partner foundation grants for which they are eligible (Fondation Monahan, Dotation Arthur Sachs). Please verify eligibility requirements in the “**A quelle(s) bourse(s) puis-je candidater?**” section.

You will need to indicate the grants you’re applying for in the “**Fiche de synthèse**” (link farther below) and upload it to your application under “Additional Documentation.” Note that the Arthur Sachs grant requires supplemental materials.

Step 2: Record user name and password in a safe place

Your email address is your user name. When you create an account for this online application, record your password in a secure place. You can log in and out of the application as frequently as you like using your user name and password. If necessary, you can reset your password by clicking the “Forgot Your Password” link on the log-in page.

Step 3: Print this guide and complete the application

Print this guide and refer to it step by step as you work.

You do not need to complete this application at one time. You can re-enter at any time to edit your application. **However, once you SUBMIT your application, you CANNOT make changes to it.**

Please submit all documents online in Slate. **NO MATERIALS WILL BE ACCEPTED OUTSIDE OF THE ONLINE APPLICATION PLATFORM. Please do not send any documents to the Franco-American Commission** unless explicitly asked to do so.

To complete your application correctly, please answer all questions completely and carefully. Review these additional tips:

- Use upper and lower-case letters (e.g. John Smith). Avoid using all capital letters (e.g. JOHN SMITH). Do not use special characters, such as accent marks.

- You can copy and paste information into all text boxes.
- Limit your responses to the space provided in all text boxes. Use abbreviations if necessary.
- Prepare required documents and save them in PDF format. It is highly recommended that to preserve any formatting and special characters in your documents, you upload them in PDF format.
- Some questions are “required.” They are marked with an asterisk (*). You will not be able to submit your application until all required items are complete.

Step 4: Submit the application

Once you have entered all required information, including recommenders, review your application for errors. If all information is correct, submit your application. **Remember, once you submit you CANNOT make changes to your application.**

Your complete application, including recommendation letters, must be submitted online before **February 1, 2020 at 23h59**. As the website may be experiencing high traffic at this time, we strongly recommend submitting your application well before the deadline! Late applications will not be accepted.

2. Next, provide a detailed **Project Statement of three (3) to five (5) pages in PDF format.**

The Project Statement is the most important component of the Fulbright application! Scholars with the most compelling, theoretically sound, well-written, feasible proposals are generally recommended for awards. Sometimes those with outstanding professional achievements assume that a brief, general project statement will be sufficient. It is not.

Please keep in mind that the evaluators will have many applications to read. To ensure a competitive application, your proposed project, as well as the strategy for completing it, should be thoroughly explained in **3 to 5 pages** on plain, white paper with each page numbered. Illustrations should be readable when printed in black and white.

Format: Begin the project statement with your name; country and the project title at the top of page one. At the top of each subsequent page, type your name and country.

Plases do not exceed the page limit of the proposal (3 to 5 pages). Including irrelevant or extraneous material may divert attention from the project statement.

As an indication, we suggest including the following points in your proposal:

Background: Introduce the research topic. Place the project in academic or professional context by referring to major works by others on the subject.

Objectives: Clearly define the aims of the project.

Methodology: Describe the project. Explain the approach, methods and plan you will use (for example, interviews, library or archival research, or laboratory experiments). Indicate whether the proposed research is quantitative or qualitative.

Significance: Explain the importance of the project for the field, your home country and your own professional development. Indicate what effect you expect the opportunity to have on your teaching or professional work in your home country. Describe briefly the expected impact of your participation on your home institution, community or professional field.

Evaluation and Dissemination: Describe plans for assessment and distribution of research results in your home country and elsewhere.

Justification for Residence in the United States: Indicate why it is necessary for the accomplishment of the project to conduct research in the United States.

Duration: Explain how the project can be completed within the time period proposed.

3. Upload a Bibliography in PDF format of one (1) to three (3) pages of references relevant to the proposed research
4. Select the most appropriate academic discipline for your project from the dropdown menu.
5. Select the most appropriate primary specialization from the dropdown menu.
6. Enter a brief description of the area of the field in which you plan to specialize/conduct research in the United States in the text box.
 - a. Some fields will ask you if you'd like to upload portfolio materials as part of your application. Select 'yes' or 'no'
 - b. If you select 'yes,' you will be directed to upload your materials on the next page. Please follow the upload instructions listed.
7. Select your proposed grant length (in months) from the dropdown menu.
8. Enter your proposed grant start and end dates (Month-Day-Year format)

Attention : Les séjours doivent impérativement débuter entre août 2020 et mai 2021. Les mobilités qui commencent avant le 1er août 2020 ou après le 1er mai 2021 ne peuvent pas être acceptées.

9. **Institutional Affiliation: French candidates are required to arrange an affiliation with an American university or public research center before applying! Please select 'Yes' and provide a letter of invitation from your proposed host.** The letter should be as detailed as possible and include your provisional dates of stay.

If your letter will arrive after the application deadline, please attach the communications you've had with your host in anticipation of the invitation. The official invitation letter should be forwarded by email to the Commission Fulbright franco-américaine as soon as possible.

We strongly encourage affiliating with just **one** institution. If the project you propose requires affiliation with more than one institution, please justify and indicate the approximate length of time needed at each. **We advise against dual or multiple affiliations unless absolutely necessary.**

Refer to your country-specific instructions to determine whether an institutional affiliation and letter of invitation are required at the time of application.

Selection Process

Note : The Fulbright selection process is separate from the selection processes for our partner foundations.

Eligible applications are first evaluated by experts in the appropriate field then reviewed in a preselection committee. The Commission will notify all candidates of the results of this first step of selection around early March.

Candidates selected for an interview at the Commission headquarters in Paris will receive a convocation notice by email. Interviews for the Programme Chercheurs typically take place during the last two weeks of March. Candidates are matched according to their field of study with a jury panel comprised mainly of Fulbright alumni. As each jury is present for one day only, **the date of the interview cannot be changed under any circumstances**. We can however accept interviews via Skype if a candidate is not able to come in person.

Preselected applications are also sent for an independent scientific evaluation to be used during final selection.

The **Final Selection Committee** generally meets in late April to choose the cohort of grantees. Their recommendations are sent to Washington, DC for final approval from the J. William Fulbright Foreign Scholarship Board (FFSB). Regional candidates (Grand-Est, Nouvelle-Aquitaine, and Hauts-de-France) must also be approved by their Conseil Régional.

Both successful and unsuccessful candidates are notified by email typically in late April or early May, pending final approval from the FFSB Board. Notifications for the regional grants may be released a bit later if there are delays also obtaining final approval from the Conseil Régional.

For more information on the interview process, please consult our **FAQ** page : <https://fulbright-france.org/fr/vos-questions-programme-chercheurs>

PARTNER FOUNDATIONS: We will process your application and transfer it to our partner foundations if you are eligible. They will contact you directly if you are selected for an interview. Interviews for partner foundations generally take place between March and June.
