

DRUG DISCOVERY **ARTIFICIAL INTELLIGENCE**
ENTREPRENEURSHIP **BIOMAGING & DIAGNOSTICS**
INTERDISCIPLINARITY **GREEN TECHNOLOGIES**
CHEMICAL LIBRARIES & PLATFORMS

Day 1: Wednesday, November 18, 2026

12:00 – 13:20

Registration

13:20 – 13:30

Welcome & Foreword

13:30 – 16:00

1st Plenary Session

Synthesis and degradability

Chair: to be announced

Eric EICHHORN – Givaudan, Kempththal, Switzerland

Sustainable (–)-Ambrox production: chemistry meets biocatalysis

Kathrin FENNER – EAWAG, Zurich University, Switzerland

Microbial degradation of legacy and novel pharmaceuticals - From monitoring to prediction

Antoine DUVAL - Laboratoire commun de recherche MUTAXIO (SOPREMA - ICPEES), Strasbourg University, Strasbourg, France

Coffee break, Stands & Poster session

17:00 – 18:30

1st round tables

Green technologies

Chair: to be announced

Eric EICHHORN – Givaudan, Kemptthal, Switzerland
Kathrin FENNER – EAWAG, Zurich University,
Switzerland
Hélène MASTIN – ARKEALE, Strasbourg, France
Michel NEY – Core Biogenesis, Strasbourg, France
Stéphane VUILLEUMIER - GMGM, UMR 7156 CNRS-
Strasbourg University, Strasbourg, France

Communication on science

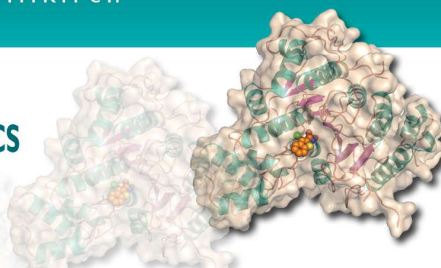

Chair: to be announced

Irène ARRATA – ITM, Strasbourg, France
Lionel CAVICCHIOLI, Chef de rubrique santé The
Conversation, Strasbourg, France
David LAROUSSERIE, Le Monde, Paris, France
Coline PORTET – LNCA CNRS, Strasbourg University,
Strasbourg, France
Anna ZHURAVLOVA – ISIS, Strasbourg University,
Strasbourg, France

18:30 – 22:00

Free evening

Day 2: Thursday, November 19, 2026

08:30 – 10:00

2nd round tables

Interdisciplinarity: specialization versus interface?

Chair: to be announced

Marine DESAGE-EL MURR – Institut de Chimie,
Strasbourg University, Strasbourg, France
Véronique PITCHON – ARCHIMEDE, UMR 7044,
Strasbourg University, Strasbourg, France
Eric QUEMENEUR – INSERM, Paris, France
Stéphane VUILLEUMIER - Strasbourg University,
Strasbourg, France
Speaker contacted

Artificial intelligence : development, use and formation

Chair: Christophe Romier

Franck AUGÉ – SERVIER, Paris-Saclay, France
Alexey ORLOV - Laboratory of Chemoinformatics,
Strasbourg University, Strasbourg, France
Teodora DIKIC-STOJSIC, ICube, University of Strasbourg,
Strasbourg, France
